

Married At First Sight Chapter 3480

Married At First Sight Chapter 3480– After a moment of silence, Tatum said, “Mom, if she were reincarnated into our family, where would you get your little daughter-in-law? Mom loves her dearly. When she gets married, all she needs to do is love her well and treat her as her own daughter, like my sister-in-law.”

In Tatum’s opinion, his parents treat Serenity like a daughter.

Even though his parents and sister-in-law rarely interact with each other, let alone live together, during the holidays, his brother and sister-in-law returned to the old house to accompany their elders. Everyone got along well with each other, and there was no conflict between mother-in-law and daughter-in-law.

Tatum felt that his parents had done a good job as parents-in-law. They never interfered in the lives of their son and daughter-in-law, nor spoke ill of their daughter-in-law in front of their son. They also always kept a respectful distance.

Tania said, “Mom, I will only have two sons in my life. There is no hope for a daughter. It is unknown whether I will have a granddaughter. I will only have two daughters-in-law. I can only raise my daughters-in-law as daughters. As long as Elora is like you. If my sister-in-law is like that, I will not treat her badly. I will treat her and your sister-in-law equally.”

Tania was quite satisfied with Serenity as her daughter-in-law now.

The mother-in-law and daughter-in-law didn’t get along very intimately, but they were definitely close.

Although Serenity was born into a poor family, she studied hard and became much better than when she first married into the York family.

Tania also gave Serenity pointers from time to time. Seeing Serenity getting better and better, Tania felt a sense of accomplishment in teaching her apprentice.

“Mom, I believe in my grandma’s vision. My grandma will not cheat us. We are all grandsons of grandma.”

Tatum had never doubted his grandma’s vision. He believed that as long as grandma liked someone, they would definitely be excellent and suitable for him.

If they weren’t suitable for him, grandma wouldn’t arrange it for him. He was not like Evan.

Tatum had a hunch that if Evan did not follow the route laid out for him by grandma, his marriage would not go smoothly.

Tania thought of the power of her mother-in-law and smiled, "Yes, I also believe in your grandma's vision. You have to take care of yourself there. Are you really not able to come back during the New Year?"

"Elora also asked me this question just now. I said that if she can find someone to replace me to prepare three meals a day for her, I will go home to celebrate the New Year. If she can't find someone to temporarily replace me, I will stay at Ormond's house for the New Year to provide her with three meals a day. Mom, I'm sorry."

Tatum knew that his parents would be disappointed if he didn't come home for the New Year.

Tania said understandingly, "I can understand. If you don't come back to celebrate the New Year, when you return to your parents' home on the second day of the Lunar New Year, your dad and I will take a plane and go to Annenburg in X Province to see you. Then you can tell Elora that we are traveling there to see if your work is going well."

Tatum hummed, "Then you should prepare two extra thick coats when you come over. The winter here is so cold, it can't be compared with ours in Wiltspoon. The winter in Wiltspoon is very comfortable compared to here."

Tania: "I know."

Tatum said, "Also, Elora didn't know that I was the sixth young master of the York family. She investigated me twice and never found out that I was actually the sixth young master of the York family. She only found hotels, restaurants, and some companies under my name."

Tania said instinctively, "So, her ability is just like that?"

Tatum said, "No, the reason is that she is very capable and she is too far away, and another reason must be my elder brother's fault."
