**Married At First Sight Chapter 3481** – Tatum was not stupid, and he guessed it right away. He said, “Brother helped me cover it up and asked Elora to check it twice, but it wasn’t very clear.”

Tania replied, “...then let’s go over and take a look. Do you want me to hide it for you?”

Tatum refused without thinking and said, “You don’t need to hide it, but you don’t need to expose it deliberately either. If she finds out, it’s okay. She will know sooner or later. By the way, Mom, you mentioned there are distinguished guests coming to our house?”

Tania hummed and told Tatum about the arrival of the old miracle doctor and others.

Tatum looked shocked when he heard this. “It’s a pity that I’m on a business trip with Elora and can’t make it back. Mom, you can say some nice words about me in front of those seniors and help me leave a good impression on them.”

Tania smiled and said, “My sons are all excellent, and they know it well. Although they don’t have a close relationship with your grandparents, they are older now, and because your brother and sister-in-law have close contact with the Johnson family, the old miracle doctor is also acquainted with me.

They are willing to stay at our house for two days, chatting with your grandma about the past and children and grandchildren. They don’t know how envious your grandma is of you.”

Although the old-timers were awesome, in Tania’s opinion, they were still old bachelors.

None of them married and had children. Even if they did accept apprentices, they only started to accept apprentices when they were very old. Like the old man Silver Fox, his apprentices can be regarded as his grandchildren.

Silver Fox’s female apprentice named Bianca was a bit of a pig pretending to eat the tiger.

Tania still had a good eye for seeing people. Even if Bianca behaves very ordinarily, a smart person can still see that she is trying her best to hide her true abilities.

Seeing the old lady’s love for Bianca and intentionally or unintentionally arranging for Bianca to come into contact with Evan, Tania felt that her mother-in-law’s matchmaking addiction had relapsed.

Evan had made it clear that the old lady does not need to worry about his personal feelings anymore.

The old lady doesn't want to give up.

However, Bianca was also good.

Although the old lady didn't know what her family of origin was like, she had Senior Silver Fox as her master, and there were so many awesome and coaxing senior brothers and sisters. If Evan marries Bianca, she will be a natural match.

The butler came in at this time, walked behind Tania, and said respectfully, "Madam, Mrs. Stone is here."

Tatum on the other end of the phone heard what the butler said and told his mother, "Mom, you go ahead and take care of your guests. I will call you another day when you are free. Mom, you and Dad should also take care of yourselves."

Tania said, "I know, your dad and I are fine, but you, being out there alone, should be more careful. If anything happens, call me back. No matter how far the distance is, we can get there as long as you call."

Tatum responded with a smile and ended the call with his mother.

Tania put down her cell phone.

"Please come in quickly, Mrs. Stone. Where are the old lady and the others?"

Tania asked casually.

Audrey replied, "The old madam and the others are barbecuing and drinking at the foot of the mountain again."

"Already old, and they still often eat barbecue and drink," Tania sighed, unable to do anything about her mother-in-law, and ordered the butler, "Go and remind the old madam and the several old gentlemen not to eat too much barbecue and not to drink too much wine. If the old lady doesn't listen, just call Zack. The only one who can take care of the old lady is Zack. This old lady will be going back soon. After this time of separation, I am afraid that we will never have the chance to meet again in this life. I want to have a good meal and a good drink."

Tania said, "..."

Her mother-in-law was also very old. Several seniors were older than her mother-in-law. They had been living in seclusion for decades. If it were not for the affairs of the Farrell family in Jensburg, they would not show up this time.

After the farewell, there was indeed no chance to see each other again.

When people get older, they really see each other less often than once with people of the same age.

“Then let them be, they can still be so reckless today.”

**Married At First Sight Chapter 3482 by Naijdate.com** -The next day, those seniors were preparing to leave Wiltspoon.

The old miracle doctor flew to Johnson’s FC Manor to celebrate the New Year at his apprentice’s home.

Mr. Jimenez stayed with the Stone family to retire.

Silver Fox and others were returning to their territory. After being away from home for a few days, they felt that no matter how good it was outside, it was not as good as being home.

As the New Year approached, their apprentices would also rush back from various places.

They were not as fortunate as the old lady, with a house full of children and grandchildren, but they had many disciples and grandchildren. When they all came back, it was lively, even more so than at Wildridge Manor.

Tania got up and walked outside the house.

Audrey was there, and she wanted to greet her.

As soon as Tania walked to the door, she saw Audrey getting out of the car.

“Audrey,” Tania called affectionately.

The two of them had little interaction in the past, but they both knew each other and had secretly fought countless times. It was said that the York family and the Stone family were mortal enemies.

Later, because of Serenity’s relationship, the relationship between the two families eased. Although there were still business conflicts, it did not affect their personal interactions.

As long as they left business and official matters aside, they could live in peace.

“Tania,” Audrey greeted with a smile. Even though she was worried about the changes in Jensburg, she didn’t show it in front of her in-laws.

“Are you alone in the house?” Audrey asked with a smile.

Tania said, "No, my mother and the others are barbecuing, drinking, and probably fishing at the foot of the mountain. A few seniors are about to leave, so they are indulging in a day of enjoyment."

"I heard that the apprentices of the seniors don't let them indulge either. They must be strict, not allowing too much drinking or random eating. Only Zack can control our old lady. If we say something to her, she will make us speechless," Audrey said. She took Tania's arm affectionately, and the two ladies went into the house together.

Audrey smiled and said, "People are like children when they get old. Zack hasn't come back these past two days?"

Tania said, "He has come back. He leaves early and comes home late. I didn't see him, so I only found out after asking the butler that he had come back. Seren said she fell asleep before he came back. When she woke up, he had already returned to the company."

Audrey knew that Zachary was trying to stay busy to avoid Serenity, lest she know about the changes in Jensburg and become nervous and worried.

She told Zachary that she could hide it for a while, and Liberty was still safe.

Sonny wanted to go to FC Manor, so she suggested that Serenity accompany the little guy to FC Manor.

Maybe when the aunt and nephew came back, everything would be over.

She had told Ezequiel (Silver Fox) and Audrey where to put the bit of evidence in Mr. Jimenez's hand.

Ezequiel called Alijah, his most proud disciple and the successor of the Five Emperors Hall, and asked him to get the evidence in person and deliver it personally to ensure it would not fall into the hands of Clarissa.

Audrey also arranged for her youngest son, Leland, to fly over to join the effort.
