

Married At First Sight Chapter 3498

Married At First Sight Chapter 3498-Carrie's parents had failed to mold her into a refined lady, but that mysterious mentor had succeeded. Incredible!

"Callum," Camryn approached, holding her husband's hand gently. "She's just a mad dog that bites at random. Don't pay her any attention, and don't waste your anger on her. It's not worth it. I've been insulted by her so many times that I'm numb to it. She has a mouth; let her say whatever she wants. If it becomes unbearable, just have someone slap her twice."

Callum's cold demeanor instantly softened. The fake Carrie couldn't help but feel envious when she saw his expression change.

When facing her, he was icy and looked like he wanted to tear her apart. But with Camryn, he was so gentle that water could drip from his voice. The men of the York family truly adored their wives.

"I can't stand anyone insulting you like that. You're generous and let it slide, but I'm very petty. If I didn't hear it, fine. But if I did, I'll definitely teach her a lesson."

Callum lightly tapped Camryn's forehead. "You're always so kind. Mrs. Labbe was right earlier. You don't have to be too kind to such people. Teach her a severe lesson. As long as she isn't beaten to death, I'll cover for you."

Mrs. Labbe and the fake Carrie were speechless. They both thought Camryn was far from kind but rather pretentious.

On the surface, she appeared gentle and soft, like a vulnerable rabbit.

Carrie, who had fought with her for years, knew this was Camryn's cunning tactic to deceive others.

Blind people love to pretend the most.

Pretend to be pitiful, innocent, and kind to win everyone's sympathy.

Camryn said, "I'm in a good mood today and don't want her to ruin it. It's because I saw you coming. With you around, I've been hiding behind you like a coward. You'll hold up the sky if it falls and protect me when someone bullies me."

The fake Carrie: "..."

Damn blind woman!

Camryn had seen Callum coming long ago but hadn't said a word.

She let her curse, and Callum heard it, resulting in four slaps. Now she felt her face was swollen. She didn't need a mirror to know she looked like a pig's head.

The fake Carrie was once a young and beautiful beauty!

"Carrie, do you still want to insult me?" Camryn asked deliberately.

The fake Carrie glared at Camryn fiercely.

"Callum, she's glaring at me again. How about blinding her and letting her experience living in darkness?"

Carrie: "..."

She looked at Callum in panic, but he didn't even glance at her. He only looked at Camryn tenderly, and she heard him say dotingly, "If you want her to go blind, let her go blind. Doesn't she always call you blind? Wait until she's blind and see if she still calls you that."

The fake Carrie said, "No more, no more, Sister. I'm sorry, I was wrong. I promise I won't call you that in front of you anymore."

The fake Carrie realized the severity of the situation and quickly apologized, promising not to insult Camryn again.

Camryn couldn't hear the insults behind her back, so she couldn't do anything about it.

The fake Carrie added, "Sister, please forgive me this time since we share the same mother. Brother-in-law, I'm sorry. I won't insult my sister anymore."

Callum's face darkened, and he said coldly, "Don't call me brother-in-law! I don't have a sister-in-law like you! You're here to ask for money again, right? You have hands and feet but can't earn money to support yourself, so you deserve to starve to death! Get out of here!"

Camryn and Carrie had no sisterly bond. Even though they were sisters, Camryn didn't consider Carrie her younger sister, and Callum didn't acknowledge her as his sister-in-law.
