Married At First Sight Chapter 3568

Married At First Sight Chapter 3568 – Liberty looked at Zachary and asked, “Mr. Dunn handles Clarissa’s key tasks. Have our people found anything on him?”

Zachary’s expression was serious as he replied, “He’s very cunning. I had Jim and others tail him, but he slipped away every time. He’s meticulous about covering his tracks. If it weren’t for Julian and Silver Fox’s help, we wouldn’t have any leads. We’ve learned he’s stockpiled a large amount of gasoline, which suggests Clarissa plans to burn us all in one go. So, when we go out, we should separate and use different vehicles.

Also, it seems Mr. Dunn has illegally acquired firearms. If we gather enough evidence, we can involve the police.”

Clive asked, “Do we have solid proof?”

Zachary replied, “I haven’t seen the evidence yet, just heard rumors. But even without solid proof, we can report it.”

Liberty added, “We should report them for hiding guns. Aunt Audrey mentioned that Dr. Carden has arrived in Wiltspoon. Tomorrow morning, she and Uncle Darrell will fly to Jensburg with Grandpa Jimenez. My cousin Leland and Elisa will stay back to manage the company.”

Audrey had planned for Clive to travel to Jensburg but decided to keep Leland and Elisa behind, just in case something went wrong.

Clive said, “My mother wants us to visit the family cemetery first when we arrive in Jensburg, then return to the hotel.”

Once they arrived, Clarissa would closely monitor their movements. Audrey decided, after consulting with Mr. Jimenez, to go to the cemetery first and pay respects, before returning to the hotel to meet Liberty and the others.

Zachary said quietly, “Clarissa has known Grandpa Jimenez longer than any of us. She’ll likely predict that he’ll go to the cemetery. We need to send someone ahead to ensure the area is secure and protect Grandpa Jimenez. He’s a key witness with crucial evidence, and Clarissa will be desperate to silence him.”

Clive agreed, “I understand. You handle the arrangements; I have no objections.”

Liberty also said, “Yes, Zachary, go ahead with the plan.”

The team Liberty brought consisted mostly of Zachary and Clive’s people, along with Duncan’s bodyguards. However, even the best bodyguards couldn’t cover all angles.

When Zachary and Clive arrived, they kept their personal guards hidden, with additional help from the Bucham family and Silver Fox's team. They were all positioned discreetly.

It was crucial not to reveal their true strength too soon. Similarly, Clarissa was concealing her full power, keeping her true resources hidden.
