Fire Since you are away with the results. I call my son and let you know that you're losing this fight fair and square."

He then dialed Scar's number and switched on his phone's speaker mode. Soon Scan answered the call and Liam could hear the strain and anxiety in his voice. That is that you Save me-

Liam's face cast a shadow

He switches off the speaker mode and went to stand by the window. "What happened?"

No one saw what Scambio did, but Liam's face paled as he turned to look at Caroline with bleak eyes. His hands were balled into fists and soon he hung up and walked back to stand beside the table in the conference room.

Caroline crossed her arms. "So what do you say?"

Liam gritted his teeth and forces out the words "Scan said he votes for Caroline"

Evening her mouth hung open in shock. How did she miss that? Did he get it wrong?

"Scan Stowick KOOH 34 TOW That Entirely Lave's back"

That's going on?

Gossip swept like an insupportable wave throughout the room. As Liam stared at Caroline, he told himself to calm down and repeat aloud "Scarlett said that Caroline is most qualified to become the next CEO."

"Mr. Mackey" Lave exclaimed smoldering with rage.

Yet Liam slumped on the couch and murmured unintelligibly to himself

"Mr. Mac-

" Lave stated she stopped herself when she noticed Eddy standing up beside her. Fear gripped her heart as she realized that she had almost forgotten that Eddy was present

She suddenly put on a pitiful expression and tugged at his sleeve, and he glanced at her to assure her that things were fine.

Then, he turned to look at Caroline annoyed at himself that he actually thought of handing Evans Group over to her. She didn't deserve the position

Judging from Liam's sudden change in decision. Eddy knew that Caroline somehow managed to do something behind the scenes.

Despite the glare he gave her she met his gaze fearlessly. The look she gave him made him **feel** like she was inviting him to a challenge. Pushing aside the anger within him. Eddy looked at Liam for confirmation. "Mr. Mackey, are you sure that this is what Sloan wants?"

Liam put on a brave front and said. "Yes."

“Are you sure?” Eddy wered his voice

“You can tell me if something’s bothering you back you up, and I won’t be bias ed.

Stil Liam had a look of dejectedness on his face. “Thank you, Mr. Eddy, but Si oan chose to support Caroline. As his father, it’s all I can do
