Chapter 1939

"Huh?"

When Hulk turned around, he saw a cold light coming towards him.

The speed was extremely fast, and a fishy wind could be vaguely heard.

The person who took action was Alexis Walters!

After being nailed to the tree, Alexis Walters struggled to no avail. Finally, he grabbed the grab pole with both hands and pulled his body forward half a meter.

After getting close to Hulk, he slapped his neck with a palm.

Its sharp nails are like steel blades, with astonishing lethality.

"Little trick!"

Hulk snorted coldly in the face of the sudden attack. He didn't take it seriously at all and punched him.

"Bang!"

There was an explosion.

Hulk's body-protecting energy was directly cut open by Alexis Walters's nails, and his entire wrist was severed on the spot.

There was blood dripping for a while.

"Ah~!"

Looking at the severed palm that fell to the ground, Hulk was stunned for a moment and then burst into a shrill scream.

He never dreamed that Alexis Walters's nails could be so sharp, almost like a magical weapon.

Easily, his body-protecting energy was broken.

"My hand! My hand!"

Hulk covered his bleeding severed hand, feeling frightened and angry, but mostly panicked.

He thought he could easily suppress Alexis Walters, but unexpectedly, in a head-to-head encounter, his fist was cut off like tofu by Alexis Walters's sharp claws.

This sudden blow made him panic.

"Roar!"

Without giving Hulk time to react, Alexis Walters's claws swung again, instantly cutting off the spear shaft and breaking free from the restraints.

Then he roared and roared, and rushed towards Hulk again.

"Don't...don't come near me! Get away!"

Hulk was so frightened that he turned around and ran away without caring about his image.

Alexis Walters's claw just now had already left him with a shadow in his heart.

Now that he had a broken hand and his spear still hanging on the tree, he had no courage to fight.

Stimulated by the severe pain, he first chose to escape.

If he had known that this was the case, he should not have been too brave just now and stabbed Alexis Walters to death, and it was over.

Who would have thought that this guy would feel no pain after going crazy, and he would not be afraid of life or death. He was completely desperate.

It's really terrible!

"Roar!"

Seeing Hulk running away, Alexis Walters naturally wouldn't give up and chased after him with a roar.

"Come here! Stop this lunatic!"

Hulk shouted as he ran, looking back from time to time.

Soon, he discovered to his horror that Alexis Walters was even faster than him, sprinting like a wind.

Wherever it goes, everything was destroyed.

After seeing this battle, how could anyone dare to stop it?

They dispersed one after another, by fear of getting hurt.

"Help me! Someone come and save me!"

Seeing that he was about to be overtaken, Hulk screamed and became embarrassed.

"Stab!"

At this time, Alexis Walters had already caught up and swung out a claw at the same time, tearing Hulk's clothes to pieces and leaving several deep blood marks on his back.

"Ah~!"

Hulk screamed again.

Due to inertia, his feet staggered, and he fell to the ground on the spot, completely disgraced.

"Roar!"

Alexis Walters showed no mercy and pounced on him like a wild beast, biting Hulk's neck with his sharp fangs.

Hulk subconsciously stretched out his hand to block, but Alexis Walters bit his arm and tore off a large piece of flesh.

Hulk's face was twisted in pain, and his screams echoed through the night sky.

At this moment, he was frightened to death by Alexis Walters, who had a ferocious face and a mouth full of sharp teeth.

His mind went blank, and he could only keep struggling, trying to escape Alexis Walters's attack.

Alexis Walters sometimes used his claws and sometimes his hands to wreak havoc on Hulk's body, torturing him till his body was covered with bruises.

Just as Hulk was about to be torn apart alive, a figure suddenly stepped forward, grabbed Alexis Walters's neck, and then threw him away more than ten meters like a sandbag, hitting him heavily against a big tree.

The person who took action was Dustin!

"Don't kill me! Don't kill me!"

Hulk was lying on the ground, kicking his hands and feet, looking extremely panicked.

It wasn't until he realized there was no one on him that he finally reacted.

Taking a closer look, Alexis Walters was already lying more than ten meters away, with a strange man standing next to him.

"Can you still stand up? If you can, stay away."

Dustin said calmly, but his eyes were fixed on Alexis Walters.

He saw everything that happened just now, and Alexis Walters was obviously not an ordinary mad man.

Its speed, strength, defense, including recovery ability, have all been greatly enhanced.

The limbs, skin, and five senses all experienced changes to varying degrees.

At this moment, he could not feel any human breath on Alexis Walters.

"Shit! Why didn't you take action earlier? Do you know that I almost died just now!"

After coming back to his senses, Hulk's first response was not to thank him, but to scold and accuse him angrily.

"Huh?"

Dustin frowned slightly, looked down at the man lying on the ground, and was a little confused: "What did you just say?"

"You almost killed me!"

Hulk shouted confidently: "If it weren't for You took action too slowly, how could I be so seriously injured? Look at all the blood in my body, all thanks to you!" "Is there something wrong with your brain? I saved your life, and you blame me?" Dustin said with a cold face.

I have never seen such a disgusting guy. He didn't know how to repay a favor, but he actually beat him up.

"What's wrong with you? Did I say something wrong?"

Hulk poured out all his anger and shouted: "You obviously have the ability to save me in advance, but you have to wait until I am seriously injured before you show off. Because of your kindness, you are clearly doing this with ulterior motives!"

Hearing this, Dustin laughed angrily.

This weird idea of repaying kindness with hatred is really disgusting.

"Why didn't you say anything? Did you feel guilty because you were accused of scandal by me? I knew people like you didn't have good intentions!" Hulk sneered.

"Yes, yes, I have no good intentions. Then you can deal with the person in front of you."

Dustin was too lazy to talk nonsense and turned around to leave.

At this time, Alexis Walters had stood up again, his dark eyes staring at Hulk with a fierce look on his face.
