

An Understated Dominance by Marina Chapter 1987

An Understated Dominance by Marina Chapter 1987

Chapter 1994

Before all the forces entered the palace, a war broke out.

No one gives in to anyone, everyone has to fight for the first place.

As long as you are the first to enter the palace, you will naturally get more and better treasures.

At this moment, more than a dozen forces were strangled together, which was extremely brutal.

As the saying goes, people die for money and birds die for food. In the face of huge interests, not to mention strangers, even brothers and sisters may kill each other.

“Youlong Sect is doing business, everyone should retreat quickly!”

Strictly prohibiting the disciples of Youlong Sect rushed forward and announced their names at the same time, trying to use the majesty of the sect to scare away these competitors.

“Damn it! What about the Wandering Dragon Sect? We, Shadow Island, may not be afraid of you!”

“Hmph! You, the Wandering Dragon Sect, are great, but we, the Xiaoyao Sect, are not vegetarians either! Whoever dares to block our way of making money will die!”

“Fuck! Who the hell is attacking me? Brothers, kill them!”

...

The name of Youlong Sect did not cause much shock.

The forces that can appear here all have impressive backgrounds.

Although Youlong Sect is king in the southwest, it is not the only one, and there are also northwest sects and overseas forces here.

If we really get into a fight, no one is afraid of anyone else.

“Brother Thomas! You and I will work together to fight our way into the palace first!”
Marcus Ring glanced aside.

“No problem!” Thomas nodded heavily.

“Kill!”

After receiving the feedback, he directly raised his sword and went to the palace gate to kill without saying a word.

Thomas and the disciples of the Flying Sect were nearby to provide cover.

“Quick! Stop them! Don’t let them get in first!”

Seeing the ferocious rush of the disciples of Youlong Sect and Flying Sect, the other forces surrounded them one after another, fearing that they would get there first.

“Anyone who stands in my way will die!”

Marcus Ring roared angrily, leading two disciples from the Youlong Sect and the Flying Sect, and began to fight with the surrounding forces.

Suddenly, the scene became more chaotic.

One after another, warriors fell into a pool of blood.

“Dear me, I didn’t expect them to fight so fiercely. They all died.”

On the shore, Kevin Snow looked at the people fighting in front of him and couldn’t help but secretly sighed.

Fortunately, I didn’t step forward rashly just now, otherwise if I were trapped, there would be only a dead end.

These guys are crazy!

“People die for money, and birds die for food. At this point, there is no way to retreat.”
Lily Zhang squinted her eyes thoughtfully.

Her whole heart was hanging.

The more anxious and chaotic the situation, the better for her.

Only when these forces fight to the detriment of both sides can she take advantage of the opportunity.

Of course, there are risks in sitting on the mountain and watching the tiger fight.

If someone gets there first, you may get nothing.

In the final analysis, this is a time when patience and luck have to be tested.

As long as you stay steady and have good luck, you might become the final winner.

“Little girl, why don’t you take action? If you wait any longer, the treasure inside may be snatched away.”

At this time, Billy Ruso suddenly spoke.

“Where is Senior Billy? Why have you been holding back?” Margaret did not answer directly, but asked rhetorically.

“Haha... I am a martial arts master after all. How can I compete with these juniors?”
Billy Ruso smiled lightly.

“It’s understandable that the seniors keep their own identities, but the juniors have a different view.” Margaret smiled.

“Oh? Have you discovered anything?” Billy Ruso raised his eyebrows slightly.

“To be honest, I think there is something strange about this palace. If I go in rashly, I’m afraid my life will be in danger.” Margaret did not hide anything.

From her eyes, this luxurious and simple palace was actually more like an imperial mausoleum.

The mausoleum is hidden underwater and has not decayed for many years, which is a testament to the ingenuity of the design.

Often, such mausoleums contain hidden traps and various anti-theft methods.

It would be very dangerous to rush into the mausoleum without knowing the situation clearly.

Even a narrow escape!

“I can’t tell, but you still have some knowledge.”

Billy Ruso nodded appreciatively: “That’s right. The threats from these external forces are nothing at all. On the contrary, there are hidden murderous intentions inside the palace. Even I don’t dare to He said he can come and go freely.”

As a martial arts master, his perception is naturally far beyond that of ordinary warriors.

It’s obviously not easy to make him feel the existence of threat.

“Senior Billy has a keen eye, and I admire him.” Margaret nodded with a smile.

“Little girl, you are not simple either.” Billy Ruso glanced meaningfully at the people around him.

Although she is a female streamer, she has a calmness and keen insight that are beyond ordinary people, which is indeed rare.

Inexplicably, he had the idea of accepting a disciple again.

“Ouch~!!”

While the two were chatting, a long roar suddenly resounded throughout the audience.

The sound was so loud that it was like rolling thunder, deafening and lasting.

For a moment, everyone involuntarily stopped fighting.

Following the sound, they saw a huge silver wolf king walking majestically from the woods.

This wolf king is silver-white all over, with green eyes, and looks majestic.

Its silver-white fur shines even more under the moonlight, making it very beautiful.

At this moment, behind the Silver Wolf King, there were dozens of gray giant wolves.

The size of these giant gray wolves is comparable to that of male lions.

Both claws and teeth must be extremely sharp.

And the Silver Wolf King is two sizes bigger, enough to rival the Bull.

The shocking roar just now was made by the Silver Wolf King, full of intimidation.

“No! It’s a pack of wolves!” someone exclaimed.

If it were an ordinary wolf pack, as warriors, they would naturally not be afraid.

But the birds and beasts in this oasis are all mutated monsters, extremely ferocious.

Even one of them is difficult to deal with, and now a group suddenly appears, which is naturally scary.

“Roar~!!”

At this time, there was another shocking roar.

In the other direction, a red, majestic and domineering mutated tiger slowly stepped out.

This mutated tiger is extremely large, comparable to an elephant.

There is no need for any demonstrative movements, just standing there gives people a huge sense of oppression.

Especially those who are stared at by those copper bell-like tiger eyes feel as if they have fallen into an ice cellar and their scalp is numb.

The majesty coming from the King of Beasts is really frightening.
