

Read Married At First Sight Chapter 2772

Married At First Sight Chapter 2772-After walking a few steps, Hugh turned around to look.

Hugh didn't know if he hadn't seen Kathryn for a while, but when he saw her now, he felt that Kathryn was much prettier than before, and the aura emanating from her body had also changed, becoming more confident, smart, and capable.

He thought he was blinded.

That's why he was stunned just now.

That was because he almost didn't recognize Kathryn.

Hugh muttered to himself, "If she had been like this from the beginning, I might not have refused, even if my sister wanted to lead me."

Of course, Hugh had time to like Kathryn now, but he still didn't want to like her. He didn't like the Farrell family.

The Farrell family could produce a Kathryn because Kathryn did not grow up in the Farrell family. Her living environment has not been good since she was a child. She survived adversity and developed a strong personality.

Kathryn was still pretending to be a pig.

Hugh liked girls who were simpler, like Kathryn, who was good at acting. He kept away from girls who were deceitful.

Kathryn was suitable for his brother Hayden, and when paired together, they could trick countless people.

Oh, Hugh had no brother, only a sister.

The people in Jensburg should be glad that his brother was actually his sister; otherwise, based on his sister's appreciation for Kathryn, it was really possible for the two of them to develop into a couple, and many people would lose at their hands.

Kathryn didn't know that Hugh would come up with so many plots if she met him face-to-face.

She walked into the president's office with her secretary, and Hayden stood up to greet her, giving her enough face.

Hayden said, "What would you like to drink, Miss Farrell? I'll ask the secretary to prepare it for you."

Kathryn said, “Just give us each a cup of warm water. At this point, I don’t dare drink coffee for fear of affecting my sleep at night.”

Hayden invited the two of them to sit down on the sofa and asked her secretary to pour a glass of warm water for each of them.

Hayden walked back to her desk and picked up her coffee cup.

Then she walked back and said as she walked, “I have one drink in the morning and one in the afternoon. If I get used to it, it won’t affect my sleep at night.”

She usually had to rest late at night.

By that time, the coffee was overpowering, so it wouldn’t have much impact on her sleep.

Unless she had something on her mind, she wouldn’t be able to sleep.

After the secretary poured warm water, he washed two plates of fruit and placed them on the coffee table in front of the sofa.

Hayden asked her secretary to bring out some snacks for Kathryn and the others.

She said, “I rarely eat snacks. It’s Kevin who always stuffs snacks in my place. He knows how to eat. The snacks he stuffs in my place are very good. Miss Farrell, try them.”

Kathryn smiled and said, “Mr. York is in charge of all the hotels owned by York Corporation. He is a man who knows how to eat. Not only does he know how to eat, but he can also cook a lot of delicious food. I heard that Mr. York’s cooking skills are very good. Mr. Queen, I think you have tasted his cooking skills, and they must have improved a few times.”

Kevin was still very passionate about Hayden and treated Hayden as a woman. In her heart, Kathryn believed that Hayden was always the passive and preferred party in this relationship that the outside world did not accept.

Speaking of the shameless Kevin, Hayden gave a few rare words of praise: “Kevin’s cooking skills are very good, and the dishes he cooks are particularly delicious, surpassing those of five-star chefs. My whole family was conquered by him.”

Hayden became the helpless one after Kevin conquered the entire family. Kevin gradually ensnared her, and she subsequently entered the long-established love network he had created.

Married At First Sight Chapter 2773-After the greetings, Kathryn said, “Mr. Queen, I want to talk to you about our cooperation on your company’s project. I have brought the plan over for you to take a look at.”

With that said, Kathryn took the plan from the secretary and handed it to Hayden with both hands.

Hayden took it, opened it, and looked at it carefully.

After reading it, she put the plan on the coffee table. After a moment of silence, she said to Kathryn, “Miss Farrell, I think your plan is good, but your Farrell Group is not someone I want to cooperate with. I think your Farrell Group is not strong enough.”

Hayden made it clear directly.

She was willing to cooperate with Kathryn’s private company, and there would not only be one partner but several partners, but it was just to give Kathryn some face.

After Liberty’s company was established, it would also take projects from Queen Enterprise.

Kathryn smiled good-naturedly: “Mr. Queen, I know that compared with your company, our Farrell Group is a little behind now, but our Farrell Group is also a famous family. It has been standing in Jensburg for a hundred years, and its strength and foundation are still deep.

Now I can also take charge of some projects and have some say in the matter. Mr. Queen, if you give me this opportunity to cooperate, I will work hard to win together with you and not hold you back.”

When they came, both Kathryn and the secretary knew that today’s chat would be fruitless, but they still had to work hard and show off.

Hayden allowed Kathryn to talk about the Farrell Group in such a fantastic way, but she still didn’t change her original intention.

Finally, Kathryn said, “Mr. Queen, business cannot be done without benevolence and justice. This time, our Farrell family did not do well enough to impress you. I hope we have the opportunity to cooperate in the future.”

Hayden hummed and said, “There will still be opportunities in the future.”

When the Farrell family changed dynamics, there would be a chance.

As long as current Matriarch Farrell is still the head of the family, Hayden did not want to cooperate with the Farrell Group, lest the Farrell Group increase its strength through cooperation with the Queen Enterprise and make Liberty’s future even more difficult.

Kathryn smiled and said, “Mr. Queen, our Farrell family will also work hard to strive for an opportunity to cooperate with you as soon as possible.”

Hayden looked at Kathryn and smiled.

Both of them understood the profound meaning of their words.

After failing to negotiate cooperation, Kathryn stood up and left after sitting for a while.

“Miss Farrell, I’ll treat you to dinner.” Hayden stood up and politely asked him to stay.

Kathryn declined. She said, “I have a lot of things going on at home recently, so I won’t bother you, Mr. Queen. I’ll take care of the housework another day. When I’m free, I’ll treat you to dinner. I’m really sorry for that night.”

Hayden and others saw the scandal of the Farrell family and the car accident involving the Farrell family’s bodyguard.

Hayden said, “Miss Farrell, let’s deal with the family affairs first.”

She personally escorted Kathryn and her secretary out to the elevator. Kathryn took her secretary into the elevator. After Hayden waved her hand, she turned back to the office after the elevator door closed.

After the elevator door closed, Kathryn’s secretary said to Kathryn, “Miss Farrell’s efforts have been in vain again.”

“It can’t be said that it was all in vain. There is still a chance to win. How many business deals can be concluded in just one negotiation? It’s not like we have to run several times, sometimes until our mouths are blistered, before we can sign the deal.”

The secretary thought about it too.

At least Hayden met Kathryn.
